Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. ANGELL & SONS LTD. PRINTERS

VANCOUVER, B.C.

The Greatest **Diamond House** **in Western Canada**

Everybody loves Diamonds. They have a fascination for people of good taste not found in any other article of personal adornment. Diamonds lend distinction to the wearer.

As an investment diamonds have paid 10% per annum dividend in increased value every year for 15 years—and owners have had the use of their gems in the meantime. This is better than the return on stocks, bonds, debentures or real estate.

Diamonds Enter Canada Duty Free and are sold here in larger quantity and at closer prices than elsewhere in this country. American visitors will do well to compare our diamond values with those across the line.

First quality steel blue white Wesselton Diamonds only enter this store, and are sold under our unqualified guarantee to be perfect in cutting and flawless in quality. Plan to visit our Diamond Rooms.

EVERY HORSEMAN

Knows that chopped feed is beneficial to horses. Hand-power hay cutters are not easy to operate, and, in consequence of this, the question of chopping feed and hay is often neglected with the result that many valuable and faithful animals become afflicted with heaves.

AN ELECTRIC MOTOR

solves the problem. Every up-to-date stable manager should have an Electric Motor for chopping feed; also for operating the clippers.

Information on this subject will be cheerfully supplied on application to Manager.

A Diamond is Always the Winner of the Ribbon

NO article of personal adornment is so highly prized—no gift so much esteemed as the pure white gem of matchless beauty—the diamond. ¶ Direct from the cutters in the old land we have just received a new importation of the very finest gems. In purity, in whiteness, in perfection of cutting, we have never seen better. ¶ Diamonds enter Canada duty free. ¶ They are cheaper here than in any other part of America. ¶ Keep fresh the memory of your visit to the Horse Show by the purchase of a diamond here.

The Horse Show

**Faithfully mirrors this store's superiority as an
apparelling store**

Never has any Horse Show been so brilliant, and never so great a display of style has graced these annual events.

We claim no small part of this season's success is due to the preparations this store has undergone to fit hundreds of store friends in stylish millinery—in handsome coats—in stunning suits and smart costumes.

No small part—we said—and that is right, for much of the really attractive garments and hats that are seen at this social event owe their origin to this helpful store.

And there is so much more of worth, beauty and desirableness to be had here that does not find expression there. A visit will disclose that and visitors are always welcome. No one will bother you unless you request their services, but a visit to Vancouver would not be complete unless you paid a visit to this store—Vancouver's Style Store.

Here's an atmosphere of honesty in merchandise, quality and method, that is exhilarating to breathe, and should you see anything that you would care to purchase, honesty in price will assert itself.

COME! WE SPECIALLY REQUEST YOU

Tudhope-McIntyre Motor Carriage **\$550** Complete with solid rubber tires, horn, wheel steer and 3 lamps.

This \$550 "Tudhope-McIntyre" is just what most men have always wanted—a Motor Carriage that will make 25 miles an hour if necessary—that is practically trouble-proof—and is far cheaper than a horse and carriage.

There are no tire-troubles with Model H H. Tires are solid rubber—can't puncture—rocks, ice, etc. have no terrors for them.

With these tires, high wheels

and the 12 horse power motor, this carriage will go anywhere that a horse can.

Fitted with Chapman's Double Ball Bearing Axles, that Run a year with one oiling.

For down-right economy, Tudhope-McIntyre Model H H is a wonder. Hundreds of road tests have proven that this \$550 Motor Carriage will run 30 miles on one gallon of Gasoline. 15 models from \$550 to \$1000.

Dealers, and Others

who can handle a reasonable number of these cars, should write us at once for terms and territory.
